Hi Brad- Good morning. For #1, none of these individuals have employment records with UC San Diego.

Per our phone call, public records requests are the best route to seek the other information.

I'm in meetings this morning but available after 2pm if you have questions.

Fyi, I am out the majority of next week.

Best, Jackie

Subject: Questions related to Dr. Zhang

Hi Jackie,

We have several questions below that we're hoping UCSD can answer by **end of day Tuesday, June 18**. Please let me know if clarification is needed for any of them.

1. When did the following people start working at UCSD and when did they leave UCSD (if they left)?

2. Did Dr. Kang Zhang disclose on any of his UCSD APM-025 forms any financial relationships with foreign universities or companies, ownership of foreign companies or Chinese patents, or involvement with the 1,000 Talents Program?
3. Did Dr. Kang Zhang disclose on any UCSD NIH grant application any financial relationships with foreign universities or companies, or ownership of foreign companies or Chinese patents, or involvement with the 1,000 Talents Program?
4. Did UCSD receive a letter from the NIH alerting the institution to potential threats related to the 1,000 Talents Program? When?
5. Did UCSD receive a letter from the NIH alerting the institution to Dr. Kang Zhang's involvement in the 1,000 Talents Program?

Thank you.
